Min. Tensile Strength (psi):

220000 pounds per square inch

Material:

Steel

Material Specification:

Fms-1012 mfr ref single material response

Surface Treatment:

Cadmium

Surface Treatment Specification:

D001, fscm 81755 mfr ref single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A022b0
