Hole Diameter:

0.406 inches

Outside Diameter:

1.000 inches

External Prebent Key Length:

0.153 inches

Distance From Centerline To Inside Of Prebent Key:

Between 0.031 inches and 0.344 inches

Material Thickness:

0.059 inches

End Application:

2350-00-140-5151; m551a1. Tm 9-2350-230-24p-1, 29 sep 75

Material:

Steel

Style Designator:

Key

Specification Data:

19207-10955576 government standard

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A022b0
