Cross Sectional Shape:

Rectangular

Edge Shape:

Round

Center Hole Shape:

1 round

Thickness:

0.300 inches

Overall Diameter:

Between 0.495 inches and 0.499 inches

Special Features:

Diameter 0.375 in. Min, 0.380 in. Max

Material:

Steel comp 302

Material Specification:

Qq-s-766 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A022b0
