·
Hole Diameter:
Between 0.115 inches and 0.125 inches
Outside Diameter:
Between 0.484 inches and 0.516 inches
Recess Diameter:
Between 0.225 inches and 0.235 inches
Material Thickness:
0.063 inches
Recess Angle:
Between 99.0 degrees and 101.0 degrees
Product Name:
Navy special project
Material:
Steel comp 302
Material Specification:
Qq-s-766 federal specification single material response
Surface Treatment:
Passivate
Surface Treatment Specification:
Mil-f-14072 military specification single treatment response
Style Designator:
15 recessed
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A022b0
Mil-std (military Standard):
Mil-f-14072 spec.
