Cross	Sectional	Shape:
01033	Occuonar	onape.

Rectangular

Hole Diameter:

0.750 inches

# Edge Shape:

Round

### **Center Hole Shape:**

1 round

Thickness:

0.063 inches

### **Overall Diameter:**

Between 1.455 inches and 1.460 inches

#### Material:

Aluminum alloy 5052

# Material Specification:

Qq-a-250/8 federal specification single material response

### Surface Treatment:

Oxide film

# Surface Treatment Specification:

Mil-c-5541 military specification single treatment response

## Shelf Life:

N/a

### Unit Of Measure:

--

# Demilitarization:

No

Fiig:

A022b0

# Mil-std (military Standard):

Mil-c-5541 spec.
