**Cross Sectional Shape:**

Rectangular

**Edge Shape:**

Round

**Center Hole Shape:**

Hexagon

**Thickness:**

Between 0.177 inches and 0.178 inches

**Overall Diameter:**

Between 1.990 inches and 2.000 inches

**Hole Width Across Flats:**

Between 1.007 inches and 1.020 inches

**Special Features:**

0.020 in. W 0.020 in. Deep groove

**Color:**

Black

**Material:**

Steel comp 304

**Material Specification:**

Qq-s-766 cond a federal specification single material response

**Surface Treatment:**

Oxide film

**Surface Treatment Specification:**

Mil-c-13924 cl 4 military specification single treatment response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A022b0

**Mil-std (military Standard):**

Mil-c-13924 spec.
