Hole Diameter:

0.251 inches

Outside Diameter:

0.357 inches

External Prebent Key Length:

0.062 inches

External Prebent Key Width:

0.039 inches

Internal Straight Key Width:

0.039 inches

Distance From Centerline To Top Of Internal Key:

0.093 inches

Distance From Centerline To Inside Of Prebent Key:

0.186 inches

Overall Distance Including Keys:

0.386 inches

Material Thickness:

0.034 inches

Product Name:

Navy special project

Material:

Aluminum alloy

Style Designator:

Key

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A022b0
