Hole Diameter:

3.264 inches

Outside Diameter:

3.920 inches

Shoulder Height:

0.225 inches

Material Thickness:

0.225 inches

Recess Angle:

60.0 degrees

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-225 federal specification single material response

Surface Treatment:

Anodize

Surface Treatment Specification:

Mil-a-8625, type 1 military specification single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A022b0

Mil-std (military Standard):

Mil-a-8625 spec.
