Hole Diameter:

Between 0.880 inches and 0.896 inches

Outside Diameter:

Between 1.310 inches and 1.330 inches

Material Thickness:

0.062 inches

Hardness Rating:

44.0 rockwell c

Special Features:

Consists Of the 1 half

Material:

Steel comp 630

Material Specification:

Ams 5355 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A022b0
