Hole Diameter:

0.194 inches

Outside Diameter:

0.380 inches

Recess Diameter:

Between 0.332 inches and 0.352 inches

Material Thickness:

0.125 inches

Recess Angle:

100.0 degrees

Material:

Steel comp 303

Material Specification:

Astm a582, cond a assn standard single material response

Surface Treatment:

Passivate

Surface Treatment Specification:

Mil-f-14072, finish no. E300 military specification single treatment response

Style Designator:

15 recessed

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A022b0

Mil-std (military Standard):

Mil-f-14072 spec.
