Hole Diameter:
0.375 inches
Shoulder Diameter:
0.500 inches
Outside Diameter:
0.750 inches
Shoulder Height:
Between 0.058 inches and 0.063 inches
Material Thickness:
Between 0.015 inches and 0.020 inches
Material:
Plastic polyamide
Material Specification:
Mil-n-18352 military specification single material response
Style Designator:
Shouldered
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A022b0
Mil-std (military Standard):
Mil-n-18352 spec.
