Cross Sectional Shape:

Rectangular

Edge Shape:

Round

Center Hole Shape:

1 round

Thickness:

0.156 inches

Overall Diameter:

1.844 inches

Surface Finish:

63.0 microinches top

Material:

Steel comp 303 or steel comp 303se

Material Specification:

Astm a582, cond a assn standard all material responses

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A022b0
