Hole Diameter:

0.164 inches

Outside Diameter:

Between 0.360 inches and 0.390 inches

Recess Diameter:

Between 0.265 inches and 0.295 inches

Material Thickness:

0.063 inches

Recess Angle:

100.0 degrees

Material:

Aluminum alloy

Material Specification:

Qq-a-250/4 federal specification single material response or qq-a-250/8 federal specification single material response

Surface Treatment:

Anodize

Surface Treatment Specification:

Mil-a-8625, type 1 military specification single treatment response

Style Designator:

15 recessed

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A022b0

Mil-std (military Standard):

Mil-a-8625 spec.
