Hole Diameter:

Between 1.000 inches and 1.062 inches

Outside Diameter:

Between 1.562 inches and 1.625 inches

Overall Height:

0.250 inches

Material Thickness:

0.020 inches

Hardness Rating:

45.0 rockwell c

Special Features:

1000-3000 mg per sq ft surface treatment iaw specification after hardening

Material:

Steel

Surface Treatment:

Zinc and phosphate and oil

Surface Treatment Specification:

E.S.P., 6.3.1.1 mfr ref single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A022b0
