Hole Diameter:

1.658 inches

Outside Diameter:

2.132 inches

Overall Height:

0.148 inches

Material Thickness:

0.023 inches

End Application:

M1 tank family

Special Features:

33.0/43.0 lbs load at deflected height of 0.073 in.

Material:

Steel comp 1075 or steel comp 1095

Material Specification:

Astm a684 assn standard all material responses

Style Designator:

Spring tension

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A022b0
