Hole Diameter:

0.348 inches

Outside Diameter:

0.750 inches

Overall Height:

0.094 inches

Material Thickness:

0.008 inches

Material:

Copper alloy

Material Specification:

Qq-b-750 comp a federal specification single material response

Surface Treatment:

Nickel

Surface Treatment Specification:

Qq-n-290 cl1 ty v federal specification single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A022b0
