Hole Diameter:

5.750 inches

Outside Diameter:

6.937 inches

Overall Height:

0.270 inches

Material Thickness:

Between 0.107 inches and 0.113 inches

Product Name:

Navy special project

Material:

Copper alloy 170 and copper alloy 172

Material Specification:

Qq-c-533 federal specification all material responses

Style Designator:

Spring tension

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A022b0
