Hole Diameter:

Between 0.256 inches and 0.267 inches

Outside Diameter:

0.743 inches

Material Thickness:

0.036 inches

Material:

Steel comp 1010 or steel comp 1012 or steel comp 1015 or steel comp 1016 or steel comp 1017 or steel comp 1018 or steel comp 1019 or steel comp 1020

Material Specification:

Sae assn standard single material response

Surface Treatment:

Phosphate

Style Designator:

Flat external and internal teeth

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A022b0
