Hole Diameter:

Between 0.624 inches and 0.633 inches

Radius:

0.060 inches

Outside Diameter:

1.125 inches

Overall Height:

0.500 inches

Recess Diameter:

Between 0.764 inches and 0.775 inches

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-225/6, t851 federal specification single material response

Surface Treatment:

Anodize

Surface Treatment Specification:

Ps13201, type 2, class 1 fscm 76301 mfr ref single treatment response

Style Designator:

Recessed

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A022b0
