Thread Direction:

Left-hand

Nut Style:

Hexagon

Thread Series:

Iso m

Thread Size:

10.0 millimeters

Thread Pitch In Millimeters:

1.25

Bearing Surface Type:

Flat

Thread Tolerance Class:

6h internal

Special Features:

One bearing surface machined flat

Material:

Steel

Material Specification:

Ss41, jisb0205 national specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A021a0
