Hole Diameter:

1.200 inches

Edge Shape:

Round

Center Hole Shape:

1 round

Thickness:

0.062 inches

Overall Diameter:

1.750 inches

Criticality Code Justification:

Zzzy

Material:

Copper alloy

Reference Number Differentiating Characteristics:

Material will be in accordance with ships parts control center activity hx quality control, manufacturing and testing specifications

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A022b0
