Width:

4.600 inches

Thickness:

0.025 inches

Ring Outside Diameter:

7.375 inches

Nut Quantity:

15

Special Features:

NAS1-19-5D3-XHNS

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-250/4 federal specification single material response

Surface Treatment:

Anodize

Surface Treatment Specification:

Ps13201 type ii class i mfr ref single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A021a0
