Hole Diameter:

Between 0.229 inches and 0.239 inches

Outside Diameter:

0.300 inches

Material Thickness:

0.050 inches

Recess Angle:

Between 80.0 degrees and 82.0 degrees

Material:

Plastic polyamide

Material Specification:

Astm d4066 assn standard single material response

Style Designator:

Recessed

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A022b0
