Hole Diameter:

Between 0.330 inches and 0.335 inches

Outside Diameter:

Between 0.565 inches and 0.570 inches

Material Thickness:

Between 0.125 inches and 0.130 inches

Material:

Steel comp 1010 or steel comp 1011 or steel comp 1012 or steel comp 1013 or steel comp 1015 or steel comp 1016 or steel comp 1017 or steel comp 1018 or steel comp 1019 or steel comp 1020 or steel comp 1021 or steel comp 1022 or steel comp 1023 or steel comp 1524 or steel comp 1025

Material Specification:

Astm a108 assn standard all material responses

Surface Treatment:

Zinc and phosphate

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A022b0
