Hole Diameter:

0.089 inches

Overall Length:

0.531 inches

Overall Width:

0.219 inches

Material Thickness:

0.031 inches

Center To Center Distance Between Bolt Holes Along Length:

0.312 inches

Special Features:

Round all corners

Material:

Copper alloy 170 or copper alloy 172

Material Specification:

Gastm b194 assn standard all material responses

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A022b0
