Hole Diameter:

Between 0.763 inches and 0.783 inches

Outside Diameter:

1.271 inches

Material Thickness:

Between 0.188 inches and 0.198 inches

End Application:

Mrap-rg-33 armored utility vehicle (auv)

Hardness Rating:

Between 45.0 rockwell c and 53.0 rockwell c

Material:

Steel comp 1060 or steel comp 1561 or steel comp 1064 or steel comp 1065 or steel comp 1566 or steel comp 1069 or steel comp 1070
or steel comp 1572 or steel comp 1074 or steel comp 1075 or steel comp 1078 or steel comp 1080

Material Specification:

66 federal standard all material responses

Surface Treatment:

Zinc

Style Designator:

Split helical-right hand

Departure From Cited Document:

As modified by surface treatment

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A022b0
