**Hole Diameter:**

Between 0.763 inches and 0.783 inches

**Outside Diameter:**

1.271 inches

**Material Thickness:**

Between 0.188 inches and 0.198 inches

**End Application:**

Mrap-rg-33 armored utility vehicle (auv)

**Hardness Rating:**

Between 45.0 rockwell c and 53.0 rockwell c

**Material:**

Steel comp 1060 or steel comp 1561 or steel comp 1064 or steel comp 1065 or steel comp 1566 or steel comp 1069 or steel comp 1070 or steel comp 1572 or steel comp 1074 or steel comp 1075 or steel comp 1078 or steel comp 1080

**Material Specification:**

66 federal standard all material responses

**Surface Treatment:**

Zinc

**Style Designator:**

Split helical-right hand

**Departure From Cited Document:**

As modified by surface treatment

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A022b0
