Hole Diameter:

0.257 inches

Shoulder Diameter:

Between 0.307 inches and 0.313 inches

Outside Diameter:

Between 0.680 inches and 0.690 inches

Shoulder Height:

0.040 inches

Material Thickness:

Between 0.075 inches and 0.080 inches

End Application:

4610-01-219-8707

Special Features:

Shoulder diameter flares 15.0 degrees fm small diameter at base

Material:

Plastic polytetrafluoroethylene

Style Designator:

Shouldered

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A022b0
