Hole Diameter:

0.250 inches

Outside Diameter:

0.490 inches

Material Thickness:

0.600 inches

Hardness Rating:

38.0 rockwell c

Product Name:

Locking washer

Special Features:

Shape-spring lock; spring lock type-standard

Material:

Steel

Surface Treatment:

Zinc

Style Designator:

Split helical-left hand

Specification Data:

81346 asme b18.21.1 professional/industrial association specification

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A022b0
