Hole Diameter:

Between 0.865 inches and 0.885 inches

Outside Diameter:

Between 1.125 inches and 1.256 inches

Internal Key Quantity:

3

Material Thickness:

Between 0.092 inches and 0.112 inches

Material:

Steel comp xm-12

Material Specification:

Ams 5659 assn standard single material response

Surface Treatment:

Passivate

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A022b0
