Hole Diameter:

Between 0.098 inches and 0.102 inches

Outside Diameter:

Between 0.200 inches and 0.230 inches

Material Thickness:

0.020 inches

Recess Angle:

Between 105.0 degrees and 115.0 degrees

Material:

Copper alloy

Surface Treatment:

Tin

Surface Treatment Specification:

Mil-t-10727, type 1 military specification single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A022b0

Mil-std (military Standard):

Mil-t-10727 spec.
