Hole Diameter:

1.380 inches

Outside Diameter:

3.000 inches

Internal Keyway Width:

0.440 inches

Distance From Centerline To Bottom Of Internal Keyway:

0.930 inches

Internal Keyway Quantity:

1

Material Thickness:

1.380 inches

Surface Finish:

63.0 microinches top

Material:

Copper alloy

Material Specification:

Astm-b150 assn standard single material response

Style Designator:

Key

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A022b0
