Hole Diameter:

Between 0.249 inches and 0.255 inches

Radius:

Between 0.500 inches and 0.560 inches

Outside Diameter:

Between 0.800 inches and 0.880 inches

Overall Height:

0.260 inches

Overall Width:

1.000 inches

Thickness At Bolt Hole:

Between 0.040 inches and 0.120 inches

End Application:

C130-j acft

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-225/6, t351 federal specification single material response

Style Designator:

Saddle

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A022b0
