Hole Diameter:

Between 0.500 inches and 0.510 inches

Shoulder Diameter:

0.595 inches

Outside Diameter:

1.240 inches

Overall Height:

0.185 inches

Shoulder Height:

Between 0.105 inches and 0.135 inches

Special Features:

Coating shall be oiled, waxed, or corrosion inhibited.

Color:

Black

Material:

Steel comp 1009 or steel

Material Specification:

Astm a366 assn standard 1st material response or astm a619 assn standard 2nd material response

Surface Treatment:

Phosphate

Style Designator:

Shouldered

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A022b0
