Hole Diameter:

5.000 inches

Outside Diameter:

5.240 inches

Overall Height:

0.143 inches

Material Thickness:

0.020 inches

End Application:

Sh-2g

Material:

Stainless steel

Material Specification:

Ams5519 assn standard single material response

Surface Treatment:

Aluminum alloy

Style Designator:

Spring tension

Supplementary Features:

Spring, wave, input seal; nha pn k874231

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A022b0
