**Thread Direction:**

Right-hand

**Locking Feature:**

Prevailing torque all metal design

**Nut Style:**

Hexagon

**Nut Height:**

Between 3.4 millimeters and 3.7 millimeters

**End Application:**

2320-01-353-9098; chassis, truck: family of medium tactical vehicles-light; 2420-66-148-7692, hmee (high mobility engineer excavator)

**Width Across Flats:**

Between 5.3 millimeters and 5.5 millimeters

**Thread Series:**

Iso m

**Thread Size:**

3.0 millimeters

**Thread Pitch In Millimeters:**

0.50

**Bearing Surface Type:**

Chamfered

**Thread Tolerance Class:**

6h internal

**Material:**

Stainless steel

**Surface Treatment:**

Zinc

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A021a0
