Hole Diameter:

Between 0.500 inches and 0.505 inches

Outside Diameter:

1.500 inches

Material Thickness:

0.250 inches

End Application:

7360-00-138-7782; kitchen, field, trailer, mounted

Special Features:

Two internal slots, 180 degrees apart, 0.109 in nom thick, and 0.430 in nom in length from center of washer

Material:

Steel comp 4130

Material Specification:

Astm a322, gr 4130 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A022b0
