Edge Shape:

Round

Center Hole Shape:

Elliptical

Overall Diameter:

Between 0.390 inches and 0.410 inches

Center Hole Length:

Between 0.158 inches and 0.168 inches

Center Hole Width:

Between 0.158 inches and 0.168 inches

End Application:

Fa18 e/f f414-ge-400 engine heat shield

Product Name:

Washer, flat- heat shield

Material:

Stainless steel

Material Specification:

Ams 5537 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A022b0
