Hole Diameter:

1.510 inches

Shoulder Diameter:

Between 1.960 inches and 1.990 inches

Outside Diameter:

2.750 inches

Overall Height:

0.875 inches

Shoulder Height:

0.250 inches

End Application:

5411-01-436-3326; shelter, nonexpandable, lightweight, multipurpose

Material:

Aluminum alloy 6061

Material Specification:

Astm b211, alloy 6061-t6 assn standard single material response

Style Designator:

Shouldered

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A022b0
