Hole Diameter:

0.187 inches

Shoulder Diameter:

0.220 inches

Outside Diameter:

0.500 inches

Overall Height:

0.200 inches

Shoulder Height:

0.140 inches

End Application:

Air combat maneuvering instrumentation (acmi), p4rc

Special Features:

Material is delrin per astm d4181

Material:

Plastic acetal

Style Designator:

Shouldered

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A022b0
