Hole Diameter:

Between 0.498 inches and 0.505 inches

Shoulder Diameter:

0.565 inches

Outside Diameter:

0.720 inches

Overall Height:

0.120 inches

Shoulder Height:

0.089 inches

End Application:

Asds

Product Name:

Navy special project

Special Features:

Drawing calls this: washer, shoulder, cover, mating trunk

Material:

Plastic acetal

Material Specification:

Astm d4181, 112 assn standard single material response

Style Designator:

Shouldered

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A022b0
