Hole Diameter:

2.875 inches

Outside Diameter:

4.310 inches

Material Thickness:

0.650 inches

End Application:

Asds

Special Features:

Drawing calls this: washer - half spherical convex, support post

Material:

Steel comp a2

Style Designator:

Convex

Supplementary Features:

Top of washer is flat for 0.1225 inch from inner edge before 16 degree (6.750 radius) chamfer begins

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A022b0
