Hole Diameter:

Between 0.164 inches and 0.166 inches

Shoulder Diameter:

0.566 inches

Outside Diameter:

0.750 inches

Overall Height:

0.225 inches

Shoulder Height:

Between 0.135 inches and 0.145 inches

End Application:

E-3a aircraft

Material:

Plastic polyhexamethylene adipamide

Material Specification:

L-p-410, nylon 6/6 federal specification single material response

Style Designator:

Shouldered

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A022b0
