Hole Diameter:

0.656 inches

Outside Diameter:

1.375 inches

Material Thickness:

0.313 inches

End Application:

4210-01-488-9655 recovery-recharger

Features Provided:

Casehardened

Special Features:

Cold finished steel, case hardened, bolt size is 0.625 in

Color:

Black

Material:

Steel

Surface Treatment:

Oxide

Style Designator:

Concave

Supplementary Features:

Cage calls this: spherical washer

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A022b0
