Hole Diameter:

0.812 inches

Radius:

Between 0.040 inches and 0.060 inches

Outside Diameter:

1.750 inches

Overall Height:

0.500 inches

Recess Diameter:

1.440 inches

End Application:

Control col a; w/s: seawolf class ssn

Special Features:

Cup spring washer is chamfered .25" deep (2x.03x45 degrees)

Material:

Plastic polyethylene

Material Specification:

Astm-d4020, ty-uhmw-pe assn standard single material response

Style Designator:

Recessed

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A022b0
