Nut Height:

0.380 inches

Hole Width:

3.500 inches

End Application:

Test station, elec, cass

Width Across Flats:

4.500 inches

Hole Thready Qty Per Inch (tpi):

8

Criticality Code Justification:

Agav

Special Features:

3.500-8 un-28 thd

Material:

Aluminum alloy

Material Specification:

Qq-a-225/8 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A021a0
