End Application:

Valve, regulating fluid. 3/4" trac style 'h' sea water pressure reducing valve as per mil-v-2042/astm-f1370 type i 150

Thready Qty Per Inch (tpi):

28

Thread Size:

0.250 inches

Product Name:

Nut-disc holder 1/4"-28. Nut, hexagon

Special Features:

Class b-cold-form i

Material:

Nickel alloy

Material Specification:

Qq-n-281 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A021a0
