Thread Direction:

Right-hand

Wing Spread Width:

30.3 millimeters

Overall Height:

14.8 millimeters

Nut Style:

Wing

End Application:

1940-01-526-0770, boat, bridge erection, inboard engine

Thread Size:

8.0 millimeters

Thread Pitch In Millimeters:

1.25

Special Features:

Provide excellent corrosion resistance and may be slightly magnetic

Material:

Steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A021a0
