Hole Diameter:

Between 0.168 inches and 0.175 inches

Outside Diameter:

0.277 inches

Material Thickness:

0.031 inches

Product Name:

Lock washer-light helical spring-ansi b18211

Special Features:

Washer width: 0.047 in.; finish: zinc chromate

Material:

Steel

Style Designator:

Split

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A022b0
