Hole Diameter:

Between 0.193 inches and 0.200 inches

Outside Diameter:

0.334 inches

Material Thickness:

0.047 inches

Product Name:

Lock washer-helical spring light

Special Features:

Material: carbon steel; finish: zinc chromate

Material:

Steel

Surface Treatment:

Chromate zinc

Style Designator:

Split helical-left hand

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A022b0
